AMU

"My favorite place in Boulder. It's about six seats at the bar and a tatami table in the back. You're in there with some other colorful characters in town, like the Japanese track coaches. It's really special. It's Japanese street food: fermented seaweed, etc."

BASTA

"The pizza is amazing. It is very hard to find. It's in The Peloton building in East Boulder. Kelly Whitaker, who had worked in Los Angeles, is making amazing pizza. I'd put it up against any of the Neapolitan style pizzas in New York."

BLACK CAT

"I have to toot my own horn. My favorite thing we do at the Black Cat is a seven course vegetarian/vegan tasting menu. It is a blast because it is so challenging. I write the menu on the fly based on what is available from the farm."
