VIRGINIA KEY

JIMBO'S BAR

"One of a kind. It's just a shack made of drift wood and old barnacle-filled boat wood. No liquor, no wine and no nonsense. Grab beers out of a washtub full of ice."

The decor is great: a big rusty old school bus, abandoned cars, lots of leftover movie props from: the original Porkeys, Island Claws, Blood and Wine, Wild Things, Ace Ventura, True Lies and 2 Fast 2 Furious. It's located on a small secluded island just south of Miami. Jimbo Luznar is one of the last recorded squatters in Florida."

- Chef Jeff McInnis (Yardbird Southern Table & Bar, Miami)
Duck Lake Road, Virginia Key

STOCK ISLAND

HOGFISH BAR & GRILL
